

WINTER SCHOOL HOLIDAY COURSE INFORMATION

Engaging Students Through Literature

Our Winter Holiday Course has been re-structured to challenge students with a new programme whereby they will read a selected novel based on a theme and then discuss ideas, feelings & thoughts about the text & life.

Using the text as a springboard students learn new ways of expressing thoughts in speech, writing and participate actively in book discussions.

Focusing on Reading and Writing

Special focus will be on Reading & Writing for Year 5 students. Detailed explanation & teaching of Reading & Writing skills will be beneficial for students sitting for the Selective Test next year. This course promises to be both fun & enriching!

Enhancing Mathematics and Thinking Skills

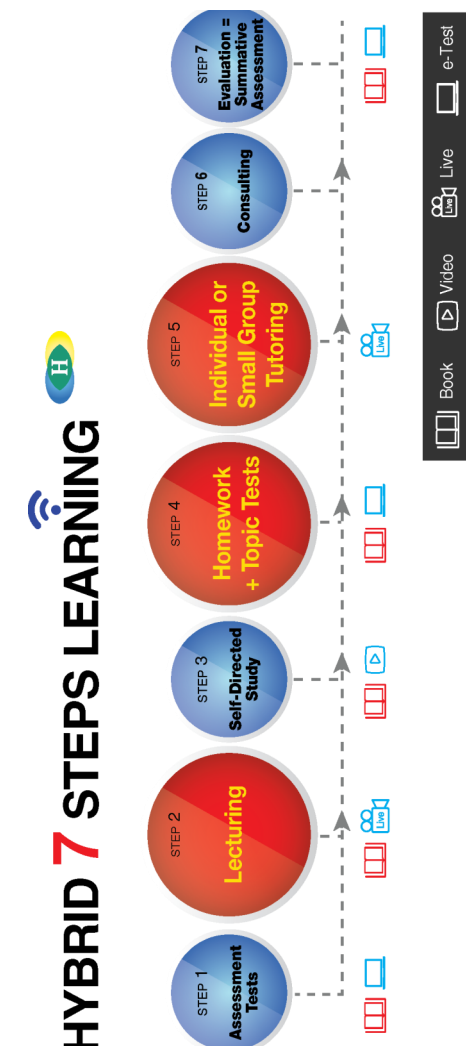

There will also be particular focus on improving Mathematics & Thinking skills to get students ready for the upcoming tests as well as to prepare them for Term 3 work.

Introducing Literature & Academic Enrichment Course. (Y1/2, 2/3, 3/4, 4/5 & 5/6)

An English Reading-Writing course with a difference! Very interactive, text-based programme where students read & explore a novel relating it to real life experiences, respond to it orally & in writing and through the process learn both language skills and grammar.

Y6 Debating Course

This course is designed to help students develop critical thinking, public speaking, and persuasive communication skills. Through structured practice, students will learn how to construct logical arguments, refute opposing views, and speak confidently in front of an audience.
