Extra **Unique** Point (U1 - U4)

Selective Trial Tests (STT) Course

will start on 2nd May 2026.

Students are introduced to specific category of questions to familiarise them to tests content. Teachers explain the various question types, techniques for answering questions and provide examples of questions at different levels of difficulty. Then they sit for a short test on those particular question types. After the tests, all questions are reviewed in class. Tests reports and online review of incorrect questions is available immediately to help students learn from mistakes made.

CS Unique+ Blended Trial Test System

* The strategies by categories will be available for selective trial test in term2.

What benefits will

Step 1 — Trial Test

1. Implemented to help familiarise students with up-to-date content, and learning environments

- Enforces **start-to-finish**, timely completion of online examinations
- Regularly updated test papers

Step 2 — Report

2. Teachers review test paper with particular focus on difficult or statistically low questions

- Emphasizes **active learning**
- **Immediate feedback** on student responses

Step 3 — Review the Test

3. Instant report generation after exam is completed

- Quick evaluation of **strengths** and **weaknesses**
- Personal marks tailor a student focused approach to learning

Step 4 — Report Analysis

4. Accessible anytime, anywhere

- Allows students to reflect on their work
- **Focus areas** can be developed for students

Step 5 — Re-open Incorrect Question

5. Incorrect questions can be viewed on subject/topic basis

- Useful in improving strengths and weaknesses
- **Summative assessment** can consolidate knowledge

Step 6 — Small Group Tutorial

6. Put in place for further questions

- All students are invited to attend the Selective Tutorial class
- Useful for **clarifying concepts** encountered during the review process

Selective Trial Test

Introduction

Our Selective Trial Tests Course has been reviewed & restructured to include the Selective Preliminary Course to ensure that they are relevant, suitable & of high quality so that our students are best prepared for the 2027 Selective Schools Test. This course is a significant part of our program for Year 5 students who are enrolled in the Selective High School and Private School Scholarship Tests Preparation Course. For students attempting the 2027 Selective Schools Test, we have organised 10 Trial Test.

Unique System

At CS Education we have a unique Blended Learning system with the Trial Tests as support to the **Computer Based Trial Tests**. **For students enrolled in the Trial Tests Course both parents & children can REVIEW all incorrect trial test questions online for 1 week with video explanation after taking the test.** This is most beneficial as parents can help children at home and monitor their progress online as well.

Selective Trial Tests (STT) Course will start on 2nd May 2026.

Students are introduced to specific category of questions to familiarise them to tests content. Teachers explain the various question types, techniques for answering questions and provide examples of questions at different levels of difficulty. Then they sit for a short test on those particular question types. After the tests, all questions are reviewed in class. Tests reports and online review of incorrect questions is available immediately to help students learn from mistakes made.
