2026 Term 3 for Year 7—Year 10 at CS Education (Castle Hill) — (21 July~ 26 September)

HSC Preparation Courses for Y 7 —Y 10

- ❑ With the HSC and **University entrance** being the goal of most high school students, **CS Education** understands the importance of consolidating work learnt at school in order to better prepare students for assessment tasks and eventually the HSC Exam.
- ❑ At CS Education, we believe there are several key factors which determine a student's scholastic performance: **understanding, application** and **confidence**.
- ❑ When a student doesn't **understand** the work that is being taught, most often they will lose what little interest they had and give up altogether. Or perhaps the student is capable of a lot more than what they are being taught at school. Either way, CS Education offers classes in different levels of **Maths** Some classes are graded and all classes are taught by only the best teachers. With their combined experience and knowledge, our students receive the best help available in Sydney!

Private One-on-One Tutoring Class

At CS, we also specialise in providing personalised, **one-on-one tutoring** sessions tailored to meet each student's unique needs. Our experienced teachers provide customised support to help students improve their skills, excel in exams, and achieve their academic goals.
